

Registered Nurse

Requisition #: ALB00084736

Location: Rocky Mountain House, Alberta

Job Type: Regular Part Time

Salary: \$36.86 - \$48.37 per hour

Your Opportunity:

Rocky Mountain House is situated in west-central Alberta and is your gateway to the beautiful Canadian Rockies. This affordable community is surrounded by some of the most beautiful scenery in Western Canada and is known to be “Where Adventure Begins!” The Rockies have a rich history, with a wealth of nearby sparkling lakes, beautiful wilderness trails, and scenic mountains. We have an exciting position in our Alberta Kidney Care North (AKC-N) Program at the Rocky Mountain House Health Centre for a Registered Nurse (RN).

The RN works to provide Hemodialysis treatment to patients in collaboration with the multidisciplinary health care team. The RN delivers comprehensive patient and family centered care to acute and chronic renal patients. The RN practices within the philosophy and guidelines of AKC-N to provide leadership, critical thinking, clinical judgment, assessment, planning, implementation, and evaluation of care for the purpose of promoting, maintaining, or restoring health, preventing illness, injury, and disability to the renal patient. In this position, you will receive Hemodialysis Nursing Specialty Certification training, providing you with the knowledge, tools, and resources to confidently care for your patients. The RN practices nursing care according to Hemodialysis Nursing Specialty Scope of Practice, regulating body, clinical policies, and nursing standards. The RN demonstrates a professional demeanor, pursues regular professional development opportunities, and maintains professional designation. In addition to this permanent 0.60 FTE position, you may have the opportunity to maintain general nursing skills and supplement your part-time position with a casual position in acute/home care within the Rocky Mountain House Health Centre.

Description:

As a RN you will provide a wide variety of nursing services to patients, families, communities and populations, while taking necessary steps to ensure their safety and well-being. In your role, you will utilize nursing processes, through critical thinking, problem solving and decision making, as well as teach, counsel and advocate on behalf of patients and their families. You will play a leadership role in supporting an integrated and holistic approach to patient care, health promotion and maintenance. You will provide safe, quality patient and family centered care while reflecting the shared vision and values of AHS.

Required Qualifications:

Completion of an accredited nursing education program. Active or eligible for registration and practice permit with the College and Association of Registered Nurses of Alberta (CARNA). Current Basic Cardiac Life Support - Health Care Provider (BCLS-HCP). Demonstrate critical thinking, problem solving, and decision making abilities. Basic computer skills. Successful candidate must be able to lift 40 lbs. (18kg). Must be able to attend Hemodialysis training in Edmonton or Red Deer. Travel expenses will be covered by Alberta Health Services as per the Travel, Hospitality, and Working Sessions Expenses – Approval, Reimbursement, and Disclosure Policy. Upon successful completion of the Hemodialysis training course in either Edmonton or Red Deer; pass mark of 80% on the final exam and satisfactory performance during the clinical component is required to move onto buddy shifts. Unit specific orientation shifts will be assigned by the hiring manager. Required to attend 2-day mandatory post orientation (3 Months Post).

Preferred Qualifications:

Minimum 1-2 years recent Med-Surgical Nursing experience. Recent acute and chronic Hemodialysis and or nephrology nursing experience. Demonstrated effective time management and organizational skills. Demonstrated knowledge of case management.
